Who we are?

UL은 1894년 설립된 이래 125년 동안 세계 최고 수준의 안전 기술을 통해 안전 규격을 개발하고 관련 인증 서비스를 제공하는 안전 과학 전문 기업입니다.

독립적인 글로벌 안전 과학 전문 기업인 UL은 철저하고 투명한 관리와 절차를 기반으로, '보다 안전한 세상을 위해 일한다(Working for a Safer World)'는 사명을 적극적으로 실천하고 있습니다.

제품 안전 시험 및 인증을 비롯해 환경 시험, 성능 시험, 헬스케어 및 의료기기 인증은 물론, 관련 컨설팅과 교육, 세미나에 이르기까지 안전에 관련된 전방위적인 서비스를 제공하고 있습니다.

특히, 기존에 폭발과 화재, 누출, 파열, 불량 등 제품 위주로 인식됐던 안전의 개념이 실내공기질, 사이버 보안과 같이 보이지 않는 영역으로 확대되는 동시에 빠르게 진보하는 기술과 역동적인 산업 환경 속에서 급변하는 다양한 요구에 부응해야 하는 도전에 직면하고 있습니다. 이렇게 안전에 대한 정의가 끊임 없이 진화하고 있는 가운데, UL은 확장된 개념의 안전에 대한 다양한 서비스를 제공할 수 있도록 사업 부문을 재편하고 서비스 영역을 지속적으로 확대해가고 있습니다.

EMPLOYEE EXPERIENCE

PEOPLE

When companies need it done right, they come to us. They trust our team of experts to deliver the best outcomes in safety, security and sustainability – and we do, time and time again. Our reputation has been built on our long-standing track record of integrity and our commitment to our customers.

Going beyond what is possible is the standard for our dedicated and passionate people. We deliver the best because we employ the best. We excel in our respective fields to create new solutions and solve the toughest challenges. We listen to, learn from and challenge each other every day so that we can continually push for excellence and results.

Living these values every day is why we're entrusted to safeguard the world's goods, services and technologies.

MISSION

At UL, we know why we come to work. Thousands of us around the world wake up every day with one common purpose – to make the world a safer, more secure and sustainable place.

We clear the way for our customers to introduce the latest products, technological advances and systems in an increasingly complex world, so they can provide peace of mind to the market. Our integrity is woven throughout our company and shapes the way we approach and deliver our solutions. We are proud that the work we do every day has a meaningful contribution to society.

We continue to build upon our legacy of trusted expertise and partnership to keep our communities safe and secure as we march forward into the future. This helps us to sleep better at night, and we are confident that the millions of people we touch rest easier too.

INTERESTING WORK

The work that goes on inside UL is fueling the future in so many ways and we pride ourselves in the role we play in helping the innovations of tomorrow come to life.

As we always have, we evolve to anticipate our customers' needs, and will continue to enter new markets and develop innovative solutions, bringing exciting opportunities for our employees to explore. Our work challenges us to think differently, try fresh approaches and work together to ensure safe, secure and more sustainable living and working environments around the world.

Every day is different for us here and as we eagerly anticipate the next innovation that our customers create, we're inspired to take on the challenge that will help transform how people live, work and play.

GROW & ACHIEVE

To provide the best for our customers, we push for excellence so we can exceed their expectations. The same holds true for our employees – we encourage them to dream big, test the limits of what they can do, learn from mistakes and get better every day. Growth and development are part of our DNA.

We learn, work and grow together – we achieve great things because we collaborate and co-create. The world's evolving risks and UL's global growth means that we do this across businesses, geographic boundaries and functions to ensure we continue to make the world a safer, more secure and sustainable place.

Our working environment is a launch pad for our employees to excel. Their growth is supported with targeted development, rewards and recognition programs, so that they can maximize their potential to take care of our customers.

THIS IS OUR NORMAL.
