Our Challenge

For more than 15 years, Ewoosoft has developed the world's leading dental imaging software.

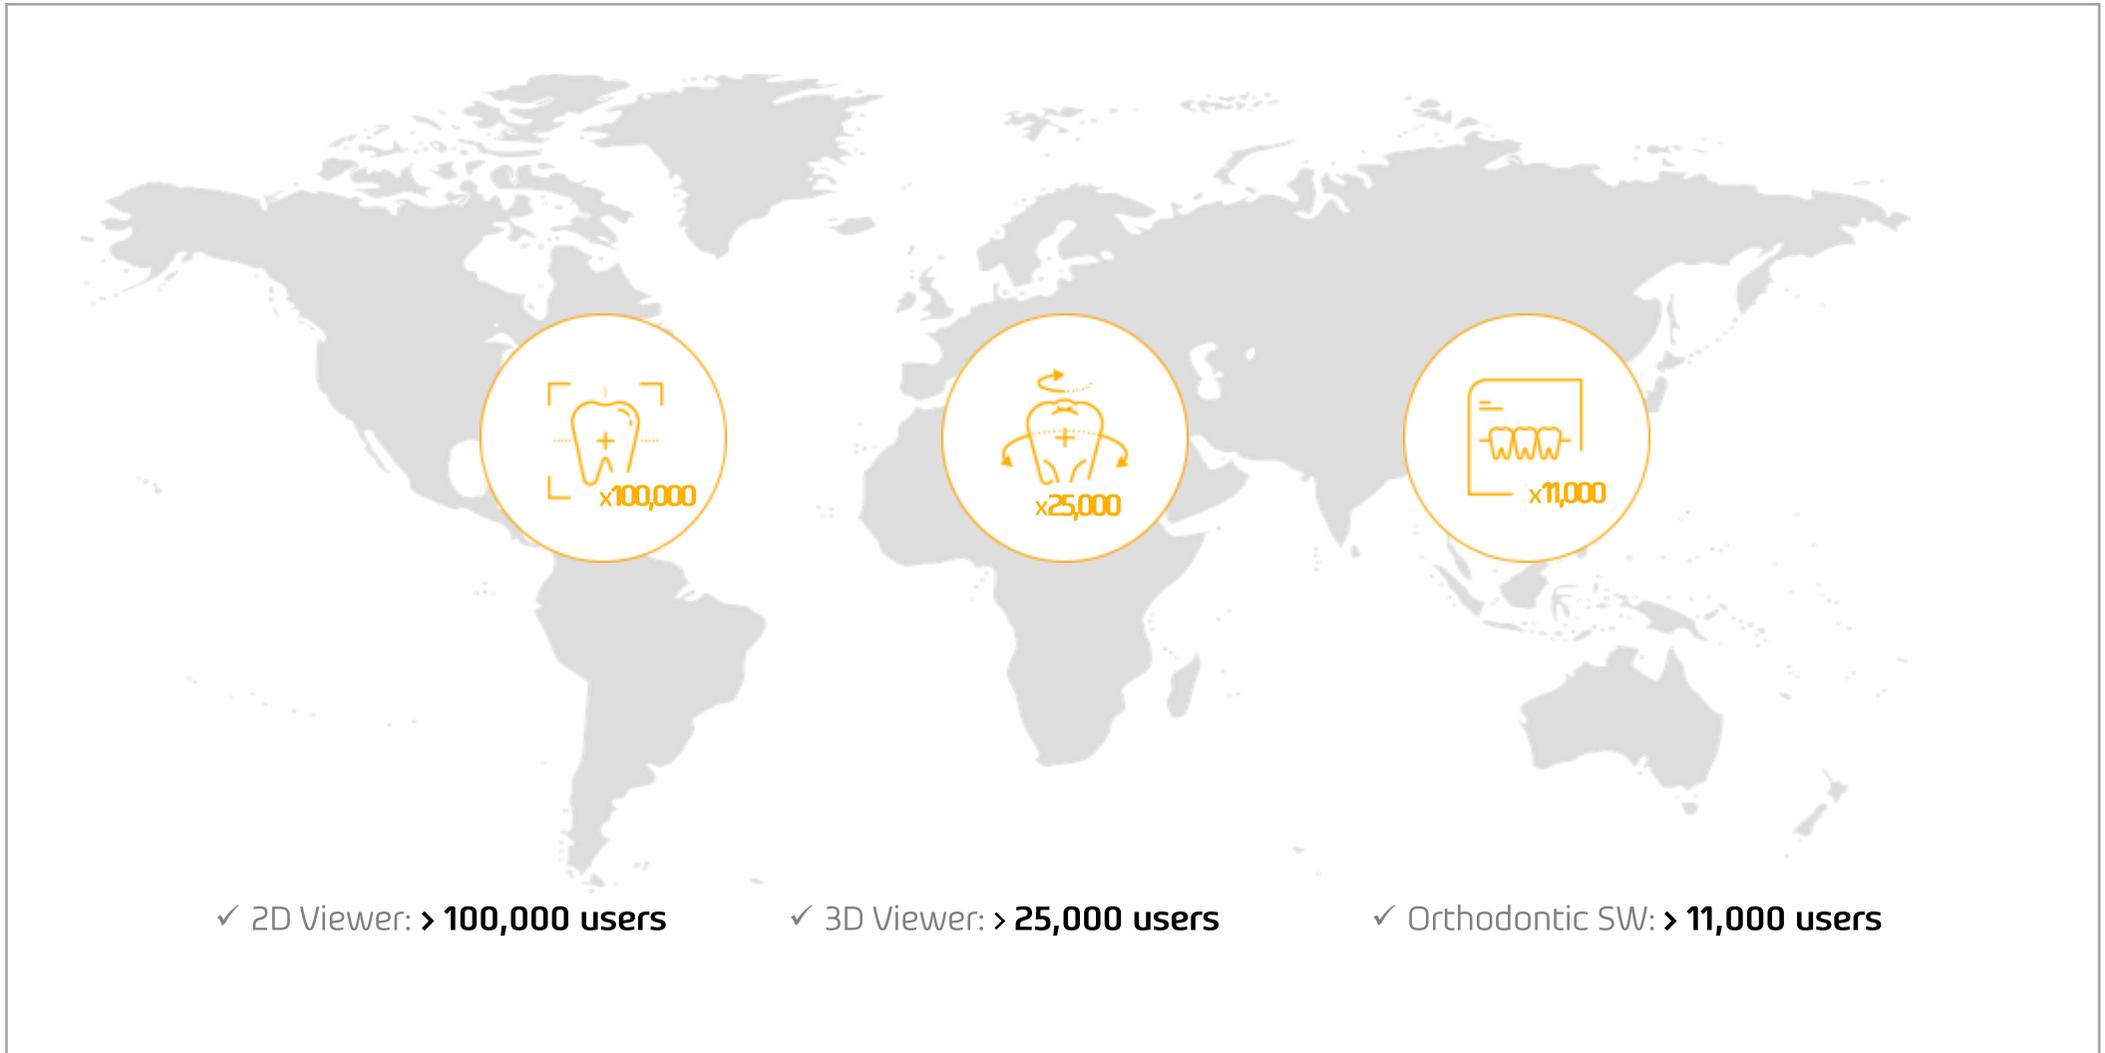

Our Challenge

For more than 15 years, Ewoosoft has developed the world’s leading dental imaging software.

Ewoosoft Overview by Numbers

With a strong global customer base, Ewoosoft has established a stable business foundation.

Powerful, Fast, Easy

Ewoosoft's goal is to develop software that is “Easy to learn, easy to use”.

EzDent-i™

Simply Essential

The simplest solution to your imaging needs. EzDent-i provides essential tools for patient image management, diagnosis, treatment planning and patient communication.

EzMobile™

Touching Communication

EzMobile blends into your workflow. Use EzMobile to communicate with your patients wherever you are, whenever you need.

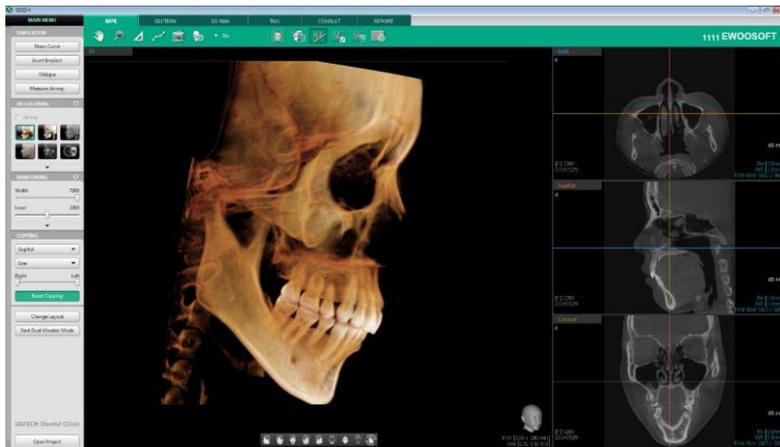

Powerful, Fast, Easy

Ewoosoft's goal is to develop software that is “Easy to learn, easy to use”.

Ez3D-i™

The Next Dimension

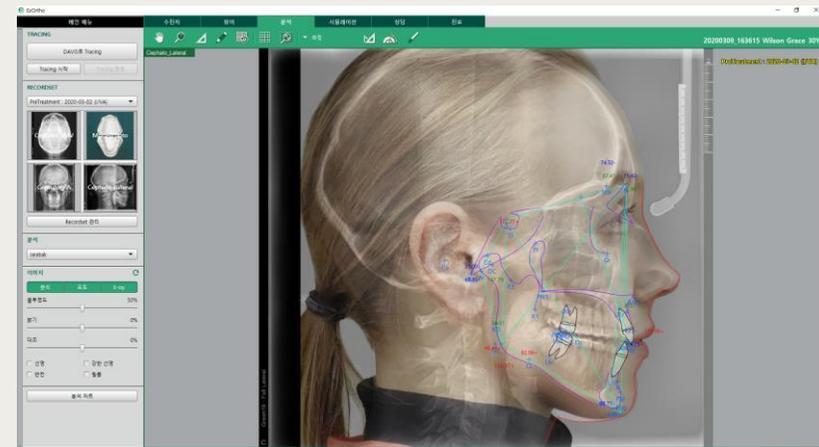

Free yourself from the stress of using complex 3D software and take a step into the next dimension of dental imaging with Ez3D-i. Ez3D-i provides powerful yet easy-to-use functions designed for accurate diagnosis.

EzOrtho™

Digitalize and Analyze

EzOrtho covers the orthodontic workflow, from precise orthodontic analysis to effective patient communication. It's an all-in-one solution for your orthodontic treatment.
